A four generation family run business which helps the standard and quality of fish to be at its pinnacle. Only the best quality Cornish fish from ports each morning.

Charlotte our head chef has been with us since 2011 and as of 2019 she has become your head chef here at The Polurrian. She is very proud to be an advocate of the slow food movement, but don't worry this doesn't mean your food is slow to cook. Charlotte and the team just spend longer finding the best produce from as close a radius as possible – that's the only slow bit. The beauty of running a kitchen in Cornwall is the ability to source the produce from the countryside to the coastline. Here at The Polurrian the origin and quality of product is the most important thing to us and the unrivalled choice of local suppliers we have is unique. Charlotte and the team are able to bring out the best of these ingredients by cooking traditionally in our wood-fired oven, but the proof of the pudding is in the eating – Enjoy!
